Bicycle Routes

from
Palma de
Mallorca

Alzina Living is an innovative villa rental operator based in Palma de Mallorca. As passionate cyclists ourselves, we understand your needs. That's why we also teamed up with the best bicycle rental in town. The workshop Palma!

Our location and concept is unique, you will experience "the finca feeling - in the city!" We specialize in accommodating groups seeking activity combined with business &/or pleasure. In the area of Son Espanyollet, all our villas are conveniently located within a 200m radius, and you have easy access to any experience you would like to explore - across the island. All villas are equipped with pool and you can indulge in a wide array of food & beverage services and private chef during your stay - villas operated like a hotel, with a personal touch.

The Workshop Cafe+Cycles, Palma's newest cycling hub offers an innovative approach to bicycle rental. The shop's high-end carbon bicycle fleet, in-house mechanic, pre-fitting services and technical support makes your cycling experience care-free. Make new friends or run into cycling legends, everything is possible at the Workshop Cafe+Cycles. Currently, working with Trek Emonda S16.

Reservations online or walk-ins upon availability. Book on www.theworkshopalma.cc

3 Expert

Scenic ride: It will take you on the amazing costal cliffs from Banyalbufar to Andratx, offering stunning views. Get ready for a good 4 hours ride if you are experienced cyclist. The route includes technical descents and 2000m elevation meters gain. In winter times, some parts between Banyalbufar and Andratx may surprise you with temperatures as low as 5-7 degrees C.

1 Easy route

Easy route: Starting from The Workshop Cafe and Cycles or Alzina Living villa, this is a 27 km easy ride suitable for inexperienced cyclists. The first and hardest part includes a scenic climb of Coll de Sa Creu. If you are not a climber, or cycling on a regular basis, E-bike (electric bicycle) might be an option.

2 Intermediate

Intermediate route: Suitable for cyclists with experience on road and stamina who can endure 3h+ rides. The route consists of three climbs described in our "segment" area of the map, includes coffee stop in Puigpunyent or Esporles. An experienced cyclist should do it for 2.5 hours.

4 Long ride in mountains

Big day in mountains: Amazing scenery, beautiful local towns, this is the best what Mallorca can offer for any cyclist. Be ready for 6h on the saddle if you are experienced rider. Get your climbing legs ready and challenge that 3000 elevation gain!
